Grants and Funding

Thanks to funding from grants to state and local aid, TSML has been able to provide this year's programs and services. The proceeds from **The Bernard Carl and Shirley Rosen Library Fund** made all of our children's programming and the growth of our children's book collection possible. With funding from **The Tioga County Senior Citizens Foundation**, we expanded our Large Print texts. We added movies to our collection with the proceeds from the **TCPL Friends of the Library**.

Mission

The Tappan-Spaulling Memorial Library strives to serve the community; we will work towards customizing library services to fit the needs of the community, implement technologies and designs to maximize customer conveniences and staff development, foster partnerships with our community partners, and position the library to be prepared for the demands of the coming decades.
